

**Visit of B.Sc (Community Science) students to Swasth Aahar Pvt Ltd 15 km Milestone,
Delhi Rohtak, NH-10, Kharawar, Distt Rohtak, Haryana-124021**

A visit to Swasth Aahar Pvt. Ltd. (under the flagship of Patanjali Group) was organized for the first year B.Sc (Community Science) students as part of the curricula of the course 'Food Science and Processing' on 11th August, 2023. Swasth Aahar Pvt. Ltd. is a unit for manufacturing atta and maida noodles in various flavours for different brands. The plant is strategically located on the main highway. Twenty five students' alongwith two faculty members (Drs. Shruti Sethi and Alka Joshi) visited the plant.

The visit to the plant was an eye opener for the students and gave them first-hand information about the noodle making process and machinery. The plant was maintained very hygienically following all Good Manufacturing and Good Hygienic Practices. The factory has a dedicated and committed team who showed and explained each unit operation to the students in detail. They attended to all queries raised by us in a systematic manner. Various quality tests performed on the raw material and the finished product were discussed in detail. The students were also explained about the effluent treatment plant and how the industry is recycling the waste water.

At the end of the visit, a feedback session was held with all the unit heads including Production, Quality and HR Managers. Each student was gifted a pack of Patanjali noodle variants so as to acquaint them with the product range.
