**Dr. A.A. Reddy**

**Dr. V. Govindasamy**

**Dr. S.M. Manu**

Dear Alumni,

I consider it a privilege to have received your unstinted support and confidence reposed in me to serve the IARI Alumni Association for which I would like to express my gratefulness.

While accepting this responsibility, let me assure you that I will do my best to serve the organization with a definitive and clear resolve to make a difference towards achieving new heights. I consider myself fortunate to have got a brilliant EC team, elected by you, to help us achieve this. No doubt, we all are conscious of the fact that the task ahead is arduous especially when we intend to make our Association as globally known, as our Alma Mater is, for ushering in the Green Revolution.

Further, in order to move forward to make the IARI Alumni Association both vibrant and visible, we shall need your full support, both in kind and in cash. I am pleased to inform you that in that direction some important initiatives have already been taken in right earnest.

In order to keep you apprised, we now propose to hold a General Body (GB) meeting on 22 June, 2024 in Bharat Ratna C. Subramaniam Auditorium at NASC, New Delhi. An interesting program for one full day followed by cultural event and dinner is being planned in collaboration with and support of Education Division, ICAR and IARI.

I look forward to meeting you soon in person or virtually. The Agenda for the GB meeting will be circulated by Dr AK Singh, Executive Secretary shortly with the hope that most of you will make it convenient to join us on that important day.

With kind regards.

Raj Paroda
